Programmable Thermostat

Ideal for people who are away from home for set periods during the week. By using pre-programmed settings, a homeowner can save about \$180 in energy costs each year (Energy Star Study).

Qualifying thermostats include Nest, ecobee, Rheem EcoNet and Honeywell T6 or Vision Pro. Program valid October 1, 2018 through October 31, 2018. To receive rebate, order must include qualifying Rheem furnace, coil and programmable thermostat as noted above. No substitutions. Not valid with any other offer. Qualifying products must appear on one invoice and must ship in a single shipment. Coil can be ADP or Rheem, rebate issued on ticket at time of purchase.
